

## The new magic world

Once upon a time there was a beautiful and intelligent girl who didn't believe in fairy tales, she was April Kepner. She was a normal person who went to school, enjoyed a lot of moments with her friends and did physical activity. Also she had a little sister named Zola, who loved fairy tales and she asked April to read to her a book every night.

At Zola 's birthday, the family gave her a dog as a present. One day April took the dog for a walk and she could hear the dog talked; the dog said:

- Woow! there is a beautiful butterfly!.
- Yes, I love butterflies!, April said.
- Wait a minute! I'm talking to a dog? She said with surprise.
- Yes, of course, I can talk to a princess.

Suddenly appeared a fairy godmother who came flying through glitter;

- Pupush pupush ! I am your fairy godmother and I have come to tell you that you are a princess.
- A princess ? said April confused.
- Yes, a special one. Come with me!

The fairy godmother touched April and took her to a new magical world.

- Where are we?
- Welcome to the new magical world !
- What is this ? Why am I here ?
- This is your new world, magical people and princesses live here.
- Woow so now I'm a princess and this is my new home. It is a very quiet place and there are many princes and princesses, fairies and many animals that live here.

There, that huge castle. It has a lot of windows, a lot of rooms and it is the most beautiful castle that I have ever seen.

- That is my castle? April asked.
- Yes it is!.the fairy godmother said.

She realised that her family had stayed in the other world, so she was left alone and had many doubts about her life and this new world.
